Meet me at The Dome!

In our main building we have the ability to accommodate business or community meetings or parties in our multi-function room. This single meeting space can accomodate 100+, and can be divided into two rooms with a retractable wall. Each area offers tables, seating and wireless internet access. Whether you're viewing pregame film, examining last quarter's numbers, or blowing out candles, the Dome is the place to meet.

Is 98,000 square feet enough room for your event?

We thought so. The Dome is a gigantic, climate-controlled space and therefore perfect for tradeshow, conventions and gatherings of all types. Since the Dome is supported completely by air, there are no supports to limit space or encumber floor designs. The indoor turf provides durable, sure footing for attendees and the 12' x 14' airlock door can accommodate larger objects. With dedicated meeting room space and a top-notch restaurant right on site, a good time will be had by all. Contact the Dome staff today for assistance planning and executing your next great event! Schedule a facility tour by calling (518) 743-1086.
