Game Times: Teams need to be prepared to begin their game at the appropriate start time. Players and coaches are requested to leave the field immediately so that the following teams may begin their game on time.

- **Indoor Games:** All indoor games will consist of 2, 25-minute (running time) halves and a 5-minute half time. Games will start 5 minutes or 35 minutes after the hour. A horn will sound at each 5-minute and 25-minute interval signifying the end of the half, end of half time, and end of the game.
- **Outdoor Games:** Outdoor games will consist of 2, 35-minute (running time) halves and a 5-minute half time.

Footwear:

- **Indoors:** No cleats or spikes are allowed on any of the **indoor** turf fields. Turf shoes, flats or sneakers are acceptable.
- **Outdoors:** No metal or screw in cleats are allowed. Molded cleats are acceptable.

Shin Guards: All players are required to wear shin guards covered by socks.

Heading: No heading allowed in any age group from U10 and below.

Kick Offs: Kickoffs are direct and may be played in any direction.

Goalkeepers: Cannot hold the ball for more than 6 seconds.

Cannot pick up the ball if intentionally kicked back by own team.

- **Outdoors:** Can punt, throw or drop kick the ball over midfield.
- **Indoors:** Punts, dropkicks or throws:

Quarter Field Play: Ball cannot land beyond 2/3 the length of the field, identified by the “flight limit” lines. (see attached field drawing)

Half Field Play: Ball cannot land in the opposite box without being touched by another player or touching the ground first.

Examples: If the goalie drops the ball inside the box and kicks it over the 2/3 “flight limit” line (or opposite box for 8v8), a free kick is awarded to the opponent at midfield line. If the goalie distributes the ball from outside the box, they can distribute or play the ball over the 2/3 “flight limit” line (or opposite box for 8v8), the same as any field player.

Indoor Free Kicks: free kicks are **direct** and the defending team must be a minimum of 10 ft. away.

Indoor Penalty Kicks: Penalty kicks will be taken at the top of the box.

Ball Exiting Field of Play: Any ball that exits the playing field over the side line is a throw in. A ball cannot be thrown directly into the goal on a restart. Any illegal throw-in results in the loss of possession. Any ball that exits the field over the end line will be restarted by a goal kick or corner kick.

- **Indoor** goal kicks cannot be played over the 2/3 “flight limit” line in the air. Violation of the 2/3 “flight limit” rule results in a direct kick from the midfield. Any ball that strikes a net, light, or ceiling, within the confines of the field is out of play. A direct kick restart will occur nearest where the ball hit. Exception: Within the goal box, the ball is placed outside of the box for restart.

Substitutions: Substitutions are allowed for either team on any “out of bounds” ball. Single substitutions are allowed on the fly for U12 levels and above. Players must leave and enter the field ONLY at the midfield area; and the players leaving MUST be off the field before the incoming players enters the field. U10 levels and below must wait at the midfield area for the referee to call the players in.

Off-sides: Off-sides will not be called when playing small sided **Indoor** games (6v6, 7v7 or 8v8).

Yellow Card:

- All yellow (caution) cards will result in a two (2) minute penalty. A player receiving a yellow card will be removed from the game for the FULL two (2) minute penalty; and his/her team will play man-down for the two minutes or until the opposing team scores a goal, which ever comes first.
- A second yellow (caution) card in a game will result in a “**Soft Red**”. The player will sit out for the remainder of the current game.
- Four yellow cards in one session (Session 1 or Session 2) or two yellow cards in one tournament require the player to sit out the next game.
- Coaches and referees are required to report all cards to the main office.

“Soft Red”: A second yellow card in a game will result in a “Soft Red”. The player will sit out for the remainder of the current game.

Red Card: All red cards will result in ejection of the individual for the remainder of the game *AND* the following game. The ejected individual must leave the dome for the rest of the game and the following game. Additionally, the team will play a player down for five (5) minutes or until the opposing team scores a goal.

ADKSC “Slide Tackling” Rule Clarification

July 22, 2015

The following is a clarification of the slide tackling rule, and what is and what is not considered a slide tackle. As you probably already know, slide tackling is and always has been a foul.

Slide tackling performed by a field player, or by a goalie outside their own penalty area, leaving his or her feet and sliding along the ground with one leg extended, with the intent to remove, dispossess or gain possession of the ball is not allowed and is a potentially card-able offense.

For clarification, it is a foul to slide tackle, or attempt to slide tackle, a player with the ball, which means even if a player tries and misses, he or she may still be penalized.

Penalties:

Slide tackling **without** excessive force or the intent to injure, and which does not put other players' safety at risk, may result in a **YELLOW CARD**.

Slide tackling by any player **with** excessive force, or the apparent intent to injure, or with apparent disregard for other players' safety, will result in a **RED CARD**.

Here are some examples of what IS allowed:

- a player sliding to save a ball from going out of bounds or into the goal (assuming opposing players are not near the ball),
- a goalie sliding to make a save,
- Sliding to clear a ball with no contact made to any other player, with the sliding player showing no obvious intention to “slide-tackle” another player,
- Sliding in an attempt to block a shot or pass, providing an opponent is not in the immediate vicinity,
- In an offensive position, sliding to move the ball, including shooting on net,
- Lunging forward to block and/or obstruct the movement of the ball, (*this means a planted foot*)

Remember, Sliding in and of itself is not a foul. It is only a foul if, in the opinion of the referee, the intent was to take the ball from another player, or to make contact with another player.

At the end of the day, the decision that an action is deemed to be a “slide tackle” is solely the responsibility and discretion of the referee. They will judge the plausibility of an action being a slide tackle and the severity of the action.

Why have we clarified this? Over the years, slide tackling has continued to be one of the hottest topics during the playing seasons. We are providing this clarification with the intent of providing a better understanding of the Slide Tackling Rule, and to provide a continued focus on player safety, and to continue to promote more competitive play and to help players and referees in regards to the interpretation of the slide tackling in respect to the ADKSC Soccer Leagues.
