ADKSC has worked hard since our re-opening to provide a safe COVID compliant atmosphere. We understand and appreciate your frustration, but implore you to work with us as we do everything in our power to provide your child with a safe place to train and compete. Thank you for your understanding and adherence to this policy, as well as all our safety protocols. We truly appreciate your patience and willingness to work with us during this difficult period.

COVID-19: ADKSC Re-opening Safe-Site Safety Requirements

Per the CDC, Federal and State Authorities, and National Sport Organizations to keep our kids, parents, spectators, officials and staff safe, the following modifications have been made to our normal league and tournament play.

These modifications are listed on our website, and each team's head coach will be provided with a copy in the weeks prior to the event. Each head coach will be required to make certain that all of their coaches, players, parents and spectators will also be provided with a copy of these Rules and Guidelines, and that anyone who cannot abide by them will be required to not come to the ADKSC. Coaches are responsible for the compliance of all of their team members, parents and spectators. Any team that does not abide by these Safe-Site Rules and Guidelines will be subject to a game forfeit and/or removal from the league or tournament, without any refund.

As we move forward in the unprecedented times, it is very likely that these Safe-Site Rules and guidelines will be revised and updated. All such updates will be posted on our website, and they will be distributed to each coach.

I can not stress enough how important it is that everyone cooperate with us and abide by these new procedures. There will be a ZERO TOLERANCE POLICY regarding these new requirements.
